

*This project is co-funded  
by the European Commission with the FP7*

# RESTRAIL

## What's next

# RESTRAIL experience

- Launched in October 2011
- Planned activities in 36 months
- Over 3.8 million € cost and 2.8 million € of EC contribution
- 11 Field tests and quarterly progress meetings
- Consortium of 17 partners from 12 countries

# RESTRAIL Results

- Scientific results
- Management results

## Cooperation results

# Next steps

## Some thoughts from partners

- Proposal 1: large real-life trials
  - Select 5 of the most promising measures
  - Implement on large scale
  - Keep up during longer time
  - Scale and time should be enough to detect effect statistically
- Proposal 2 :Implementation of measures in the safety management system

# Next steps

## Some thoughts from partners

- Proposal 3:
- Collaboration outside the direct railway vicinity for influencing suicide persons at an earlier stage

# Next steps

- UIC
  - Hosting, maintenance and regular update of the toolbox
  - Organisation of workshops
  - Dissemination of the results in related international conferences
  - Inclusion of the RESTRAIL practical guide in UIC catalogue of publications
  - Permanent contact point : [security@uic.org](mailto:security@uic.org)

Reduction of Suicides and Trespasses on RAILway property

SEVENTH FRAMEWORK PROGRAMME  
Project co-funded by the European Commission

Search

Welcome in RESTRAIL project website

The aim of the RESTRAIL (Reduction of Suicides and Trespasses on RAILway property) project is to reduce:

- The occurrence of suicides and trespass on railway property and
- The service disruption and other consequences these events cause

by providing the rail industry with an analysis and identification of cost effective prevention and mitigation measures.
